

GDBA calls for solidarity strikes

Hamburg, 29.11. 2023

Dear colleagues

The collective wage negotiations for the public sector in the federal states (TV-L) - excluding Hessen - have so far remained without result. The trade union ver.di is demanding, among other things, a 10.5% pay rise, but at least 500 euros. The third round of negotiations will take place from December 7 to 9, 2023.

The results of these negotiations are relevant for NV Bühne employees at theaters where the collective agreement of the federal states is applied (TV-L). This is because the results negotiated by ver.di are adjusted to the salaries of NV Bühne employees "in accordance" with §12a NV Bühne.

The stage union GDBA is calling on all its members to solidarity strikes with ver.di.

For coordination, please contact your colleagues from the GDBA local association, the ver.di representatives and all unions represented on site.

If you have any questions, the regional union chairpersons will also be happy to help.

The call for a solidarity strike is valid until an agreement is reached.

With solidary greetings
